

PROFISH 400

Light weight Fishing Kayak

Light & sleek, this is a kayak that's a delight to manage on and off the water. Whether touring or fishing everyone will appreciate how easy it is to paddle. The low wind profile of the Profish 400 Lite enhances control and reduces effort in breezy conditions. Smaller paddlers are catered for with side scallops for an improved paddle stroke, while extended leg room delivers comfort for taller individuals. This is a kayak that delivers true big water performance in a compact, light weight package.
